

# Sustainability & Digitalization

Join us for a workshop and networking dinner discussing the topic of digitalization and its social and environmental consequences.

23 May 2023

13:00 - 18:00 Workshop

18:00 - 20:00 Dinner

## THE AFTERNOON WORKSHOP

The workshop is a chance for practitioners and researchers to come together to discuss the positive and negative sustainability impacts of digitalization (CIT, AI, robotics).

## NETWORKING DINNER

The evening dinner will keep the conversation going as we hear more from our keynote speakers and discuss the unintended sustainability outcomes of digitalization, how they might be addressed and how might things be done differently.
